PROFESSIONAL SUMMARY

Creative AI Cinematic Video Editor with expertise in After Effects and YouTube content production, specializing in short, focused Christian sermon videos. Produced numerous cinematic sermon edits combining motion graphics, color grading, and visual storytelling to enhance spiritual messaging. Combines technical AI/ML background (Python, machine learning) with creative video editing skills, making me uniquely qualified for AI-powered video generation workflows. Experienced in remote freelance delivery with strong attention to detail and cinematic aesthetics. Open to global freelance opportunities.

TECHNICAL SKILLS

Category	Skills
Video Editing	Adobe After Effects (cinematic effects, motion graphics, color grading, transitions)
AI Video Tools	AI-powered video generation workflows
Visual Effects	Color correction & grading
Motion Graphics	Typography animations
Creative	Cinematic storytelling

VIDEO EDITING PROJECTS & PORTFOLIO

1. Christian Sermon Shorts Series | YouTube | After Effects

- Created short, focused sermon videos (60-90 seconds) optimized for YouTube engagement
- Applied cinematic color grading with S-curve effects, selective colors, and warm/cool contrast
- Integrated motion graphics including animated typography for key scripture/messages
- Added film grain overlays (Kodak Vision 800T style) and halation for cinematic movie aesthetic

2. Cinematic Sermon Post-Processing | After Effects

- Full post-processing pipeline: import → luma matte → gradient ramps → color correction
- Applied chromatic aberration, glow effects, and dust overlays for film-like quality
- Created selective color grading to emphasize spiritual/emotional moments
- Synchronized visual effects with sermon audio timing for maximum impact

3. Christian Content Motion Graphics | After Effects

- Designed animated title sequences for sermon introductions
- Created particle effects and depth animations for visual storytelling
- Built camera animations and scene expansion for dynamic presentations
- Developed typography presets for consistent branding across videos

4. YouTube Video Optimization | YouTube Studio

- Optimized videos for YouTube algorithm (thumbnails, titles, descriptions)
- Created editing templates for consistent output across multiple videos
- Implemented transitions and cut points for audience retention

PROFESSIONAL EXPERIENCE

Christian Content Creator & Video Editor | YouTube (Self-Employed)

Lagos, Nigeria | 2023 – Present

- Produce short, focused Christian sermon videos optimized for YouTube engagement and spiritual impact
- Edit cinematic footage using After Effects with professional color grading, motion graphics, and VFX

- Apply film-style post-processing (halation, grain, chromatic aberration) for movie-quality aesthetics
- Create animated typography and scripture overlays to enhance message delivery
- Manage complete video production pipeline: recording → editing → effects → publishing

Data Scientist & AI Intern | TedPrime Hub (FGN-NITDA 3MTT Cohort 2)

Abeokuta, Nigeria | June 2024 – November 2024

- Built machine learning models (Python, scikit-learn) — directly applicable to AI video generation tools
- AI/ML expertise provides unique advantage for AI-powered video editing workflows (Runway, Pika, Luma)

EDUCATION

B.Eng. Chemical Engineering

Federal University of Petroleum Resources, Effurun-Warri, Nigeria | November 2019

Data Analyst & Visualization Certificate | TedPrime Hub

Abeokuta, Nigeria | November 2024 | 6 months
